### APPLICATIONS

### FEATURES

- ✔ Stainless steel 70 litres water tank
- ✔ Wheels and handles for transport
- ✔ High pressure pump
- ✔ Signal for low water level
- ✔ Closable for an easy transport
- ✔ Manually adjustable nozzles spray angle

### OPTIONS

- ✔ Connection from the water supply network

### Technical data

|                                |                               |
|--------------------------------|-------------------------------|
| Water pump                     | 230V - 50Hz - 0.55kW - 80 bar |
| Nozzles spray angle            | da 60° a 100°                 |
| Tilting angle                  | -20°/30°                      |
| Single phase power (kW)        | 0.6 (230V)                    |
| Water tank capacity (l)        | 70                            |
| Tank autonomy (h)              | 2,30                          |
| Coverage (m)                   | 7 (area 64 sqm)               |
| Dimensions min. (mm)           | 815x530x1400h                 |
| Dimensions max. (mm)           | 815x530x2200h                 |
| Dimensions satellite (mm)      | 20x20x1200h                   |
| Dimensions satellite max. (mm) | 60x60x2100h                   |
| Dry weight (kg)                | 120                           |
